

AGREEMENT IN LIEU OF AN EROSION & SEDIMENT CONTROL PLAN FROM ES-1200

GRAYSON COUNTY, VIRGINIA

Agreement in lieu of an Erosion & Sediment Control Plan for a Single Family Residence in a Subdivision or a Single Family Residence disturbing over 10,000 square feet.

Building Permit Number: _____
Subdivision Name: _____
Lot Number: _____
Location: _____
VA Certified Responsible Land Disturber: _____
VA RLD Certificate Number: _____

In lieu of submission of an Erosion & Sediment Control Plan for the construction of this single family dwelling, I agree to comply with any reasonable requirements determined necessary by the employees of the New River Soil and Water Conservation District and/or employees of Grayson County representing the Erosion and Sediment Control Program Administrator. Such requirements shall be based on the conservation standards contained in the Grayson County Erosion & Sediment Control Ordinance and shall represent the minimum practices necessary to provide adequate control of erosion and sedimentation on or resulting from this project.

As a minimum, all denuded areas on the lot shall be stabilized within seven (7) days of final grading with permanent vegetation or a protective ground cover suitable for the time of the year.

I further understand that failure to comply with such requirements within three working days following notice by the representatives of Grayson County could result in citation for violation of the Grayson County Erosion & Sediment Control Ordinance.

Measures Specified by the Plan Approving Authority/Grayson County Building Official

1. Install a construction entrance and install temporary erosion and sediment control devices as the first steps of the land disturbing activity
2. All sediment transported onto a paved or public road shall be removed at the end of each work day
3. Surface runoff from the disturbed areas need to be controlled by silt fence or other approved methods
4. Please contact the New River SWCD for details concerning the maintenance for each Erosion & Sediment Control practice/device used
