

Public Service Authority Technician/Combination Inspector- Grayson County

Applications are currently being accepted for a PSA Tech/Combination Inspector. Responsibilities include but are not limited to providing day-to-day support of three (3) water systems, fill-in residential inspector, and County grounds/facility maintenance. Perform responsible work installing, maintaining and repairing water systems and associated appurtenances for the County; assisting the Building Department and Maintenance Department doing related work as apparent or assigned.

Education and Experience: High School diploma or GED with coursework in related fields preferred, or an equivalent combination of education and experience. Three years or more experience and general knowledge in the construction/maintenance industry. The qualified individual shall gain certification as a residential combination inspector within 18 months from date of hire; all additional certifications shall be obtained within three (3) years from date of hire. The position will remain open until filled. Salary- DOQ&E.

Candidates should submit their resume and a state application, no later than Friday, May 13, 2016 by 5:00 p.m. to the following address:

Grayson County Administrator's Office
Attn: Mitch Smith
Deputy County Administrator/PSA Director
