Section 1. Intent and Purpose

The Grayson county Community Policy and Management Team (“CPMT”, “the Team”, or “the Management Team”) shares the belief that the family and home community provide the best environments for raising children. Toward that end the Management Team shall pursue and encourage collaborative activities that will ensure the provision of child centered, family focused, strength based, and community based services. Our purpose is to preserve families and provide appropriate services while protecting the welfare of children and maintain the safety of the public. The policies and procedures that follow are intended to ensure compliance with the Code of Virginia as well as guidance from the Office of Comprehensive Services and the State Executive Council.

Section 2. Community Policy and Management Team Vision and Long Range Plan

Community Philosophy:

It shall be the philosophy of the Grayson County Community Policy Management Team to work with our community to develop child and family-centered best practices regarding child welfare, safety, and service provision to strengthen at risk families within our community.

The Grayson County Community Policy and Management Team (CPMT) is committed to providing child centered, family focused, community-based services for children in the least restrictive environment. In order to achieve this, the Team has developed a long range plan of the risks, strengths, needs, and goals of the community as well as the management. It shall be the vision of the Team to achieve 4 primary goals.

- A. Reduce Financial Obligation to Grayson County
- B. Reduce the number of children entering into out-of-home placements due to CPS, special education needs, legal issues, or mental health issues.
- C. Prevent the children from entering into out-of-home placements due to CPS, special education needs, legal issues, or mental health issues.
- D. Increase Program Internal Control and Policy Compliance.

Risks: Grayson County CPMT has reviewed the various risks posed to the CSA program in Grayson County through a series of measures including: regular planning committee meetings, the annual CSA Gap Survey, Local Stakeholder surveys, and the recently completed PSSF community needs assessment. There were determined to be a variety of risks, which could be split into 4 categories: Financial Risks, Staffing Risks, Programmatic Risks, and Physical Risks. Financial Risks for Grayson County would include budget over runs due to increase in foster care case load, Private Special Education Day Placement Caseload, over-provision of community based services, or the number of children requiring residential psychiatric treatment. Staffing Risks would include the loss of key staff through position vacancy or illness. Programmatic Risks include lack of audit /program/policy compliance. Physical Risks include loss of records, facility, or equipment through natural disaster or other means such as fire, etc.

Strengths: One of the primary strengths of the Grayson County CSA Program is a high degree of collaboration. Grayson County CPMT, FAPT, and staff are willing and dedicated to working together to reduce risks and increase program efficiency. An additional strength is financial accuracy and program compliance, as determined by case review.

Needs: An identified need is the need for staff retention. The Grayson County CSA Program has had 4 different CSA Coordinators over the past 5 years. This has made policy update difficult. Additional staffing has also been identified as a need. The vast CSA policy requirements are extremely challenging for a single part time staff person to comply with. An additional need identified is for the reduction of foster care caseload and prevention of children entering foster care.

Goals: The specific identified goals of the Grayson County CSA Program shall be as follows

1. Reduce the current number of children entering into out-of-home placement due to CPS, special education needs, legal issues, or mental health issues by 50% by the end of FY 2019.
2. Effectively use community based services so the foster care prevention rate of cases which are provided with Community Based Services is 95%.
3. Keep Grayson County CSA Financial Obligation below \$700,000 annually.
4. Continue to update local policy and procedure in accordance with best practice and SEC directives.

Progress on these goals shall be provided to the CPMT monthly through the provision of the CSA monthly Pool Reimbursement Request Report, the CSA Census Report, and updates from the FAPT. The Long Range Plan and the goals of the plan shall be reviewed and updated, if necessary, at the annual Organizational Meeting.

Section 3. Local Management Structure

4.1 Due Process and Appeals

At the time of referral to Grayson County CSA the child and family will be notified of their rights and responsibilities related to the access of CSA funds. The identified youth, his/her parent, guardian, or custodian may appeal any decision made by the FAPT or CPMT, except those mandated by federal or state regulation or law, or covered under a court order or other legally binding agreement or document. At the state level, both the Department of Education, and the Department of Social Services maintain a due process/appeal system independent of the CSA system. The court system also maintains an appeal process. Appeals strictly related to the funding by CSA of a particular service may be made to the CPMT. The appeal must be made in writing and provide to the CSA coordinator within ten days of the date of the decision. The CPMT shall review the requests within thirty days of receipt of the document and render a written opinion within 2 weeks of the CPMT meeting at which it is reviewed. The CPMT shall go into executive session if needed, to discuss medical, behavioral health, or other protected information. The individual appealing the decision will be allowed to present any additional oral statement that will help in the determination by the CPMT. In the event that an appeal regarding the provision of services is extremely time sensitive or where the issue to be reviewed may have implications for the child's immediate safety, the CPMT shall convene an emergency meeting if possible. Agency representatives who have concerns about a team decision rendered in a FAPT or CPMT meeting may request a collateral meeting with involved community partners to review concerns about procedure, logistics, agency policy, etc. Such meetings are considered advantageous for purposes of continuous process improvement but are not to be used to circumvent the FAPT or CPMT. No decisions about the family are to be made during such meetings.

This Process may help to maximize resources available to the community as well as increase parental involvement and commitment to the services plan.

b) All biological parents of children receiving services with a cost to CSA shall be expected to contribute, with the below exceptions:

1. Parents of children receiving IEP directed services.
2. Parents of children in foster care that have been referred to the Department of Child Support Enforcement.

h) Parents may not be assessed a copayment for services outlined in a child's IEP.

Section 5.4 Medicaid Funded Services

Medicaid funded services shall be used whenever they are available for the appropriate treatment of children and youth receiving services under the Comprehensive Services Act for At Risk Children and Youth. Effective July 1, 2009, pool funds shall not be spent for any service that can be funded through Medicaid for Medicaid eligible children and youth except when Medicaid Funded services are unavailable or inappropriate for meeting the needs for the child.

Section 5.5 Payment for Services and Change of Legal Residence

The CPMT where the child legally resides shall be responsible for payment for the services identified in the child/family's IFSP. Issues of legal residence should be addressed by legal counsel for the CPMT. In the event that the child/family's legal residence changes, the following policy should govern payment for services:

After recommendation by the FAPT, all services shall be reviewed by the CPMT and funding either approved, denied, or amended. Exact processes for CPMT approval and funding may be viewed in Appendix S.

Section 6 Contracting with Service Providers

a) Grayson County has limited options regarding private service providers locally. Because of this establishment of a formal bidding process is difficult. However, there are services identified that require a contractual agreement with private services providers and community based organizations. Priority consideration should be given to service providers registered with the OCS vendor list. Community Based organizations wishing to regularly provide services for reimbursement should register with OCS. This is not intended to prohibit the use of local organizations incorporated as natural supports for a specific family, or other one time services.

b) The CSA Coordinator shall complete an agreement with any service provider that spells out requirements related to licensing, fiscal management; adherence to the purchase order, the submission of monthly progress reports, etc. (for example see Appendix R)

Section 8 Miscellaneous

Section 8.1 DBHDS Reporting

APPENDIX A

Grayson County CPMT Long Range Plan

Community Philosophy:

It shall be the philosophy of the Grayson County Community Policy Management Team to work with our community to develop child and family-centered best practices regarding child welfare, safety, and service provision to strengthen at risk families within our community.

The Grayson County Community Policy and Management Team (CPMT) is committed to providing child centered, family focused, community-based services for children in the least restrictive environment. In order to achieve this, the Team has developed a long range plan of the

risks, strengths, needs, and goals of the community as well as the management. It shall be the vision of the Team to achieve 4 primary goals.

- A. Reduce Financial Obligation to Grayson County
- B. Reduce the number of children in Foster Care
- C. Prevent the children from entering Foster Care
- D. Increase Program Internal Control and Policy Compliance.

Risks: Grayson County CPMT has reviewed the various risks posed to the CSA program in Grayson County through a series of measures including: regular planning committee meetings, the annual CSA Gap Survey, Local Stakeholder surveys, and the recently completed PSSF community needs assessment. There were determined to be a variety of risks, which could be split into 4 categories: Financial Risks, Staffing Risks, Programmatic Risks, and Physical Risks. Financial Risks for Grayson County would include budget over runs due to increase in foster care case load, Private Special Education Day Placement Caseload, and over-provision of community based services. Staffing Risks would include the loss of key staff through position vacancy or illness. Programmatic Risks include lack of audit /program/policy compliance. Physical Risks include loss of records, facility, or equipment through natural disaster or other means such as fire, etc.

APPENDIX A

Strengths: One of the primary strengths of the Grayson County CSA Program is a high degree of collaboration. Grayson County CPMT, FAPT, and staff are willing and dedicated to working together to reduce risks and increase program efficiency. An additional strength is financial accuracy and program compliance, as determined by case review.

Needs: An identified need is the need for staff retention. The Grayson County CSA Program has had 4 different CSA Coordinators over the past 5 years. This has made policy update difficult. Additional staffing has also been identified as a need. The vast CSA policy requirements are extremely challenging for a single part time staff person to comply with. An additional need

identified is for the reduction of foster care caseload and prevention of children entering foster care.

Goals: The specific identified goals of the Grayson County CSA Program shall be as follows

1. Reduce the current foster care caseload by 50% by the end of FY 2019
2. Effectively use community based services so the foster care prevention rate of cases which are provided with Community Based Services is 95%.
3. Keep Grayson County CSA Financial Obligation below \$700,000 annually.
4. Continue to update local policy and procedure in accordance with best practice and SEC directives.

Progress on these goals shall be provided to the CPMT monthly through the provision of the CSA monthly Pool Reimbursement Request Report, the CSA Census Report, and updates from the FAPT. The Long Range Plan and the goals of the plan shall be reviewed and updated, if necessary, at the annual Organizational Meeting.

Introduction

The “referring agency” is defined as the agency that initiates the completion of the *Authorization to Use and Exchange Information* form with the individual. The referring agency may use the form to request or to transmit information to other agencies. Agencies may be considered either a “referring” or an “other” agency, depending upon which agency is contacted first by the individual. If all parties agree, additional public and private agencies, facilities, and organizations may be included.

Agencies are assured that, when properly executed, this is a legally valid form that meets not only their own agency’s state and federal requirements, but also those of the other participating agencies. The *Authorization to Use and Exchange Information* form has been reviewed by the Office of the Attorney General to assure compliance with federal and state confidentiality requirements. Agencies may choose to use a different uniform release form that addresses their individual needs if it meets the state and federal confidentiality and release of information statutory and regulatory requirements of ALL involved agencies.

Purpose of the Authorization to Use and Exchange Information Form

The *Authorization to Use and Exchange Information* form is designed for use by agencies that work together to jointly provide or coordinate services for individuals with complex needs and should be used along with the referring agency’s specific procedures for obtaining a valid authorization to exchange information. It also can be used to assist agencies obtain information needed from other agencies to determine an individual’s eligibility for services or benefits. The completed form should reflect that the individual (or his or her representative) controlled the choices and understood the process. When using this form, always keep in mind the importance of individual wishes, individual choices, and individual comprehension of the process.

Agency staff and the authorizing person shall first determine whether the individual might be eligible for services or benefits provided by other agencies. This determination should be based upon the needs, interests, and circumstances of the individual as well as staff’s knowledge of other agencies’ services or benefits and eligibility requirements.

Referring agency staff shall explain the following to the individual:

- Potential services and benefits that might be available from other agencies.
- What information these agencies might need and for what purpose(s).
- The purpose of the form.
- The consequences of signing or not signing this authorization.
- Key provisions and protections (e.g., revocation, access to agencies' written record).

Staff shall make every attempt to ensure that the authorizing person understands the provisions of the form and should make appropriate efforts to accommodate the special needs of the authorizing person. If the authorizing person is unable to read or is blind or visually impaired, staff shall read the form to him or her. Interpreters should be made available for people who do not speak English and for those who are deaf or hearing impaired. If the authorizing person does not appear to comprehend the meaning of the form, it should be explained. If staff have ANY doubts that the authorizing person is not comprehending the purpose and provisions of the form, they should ask the authorizing person questions about the form (what the form allows the agency to do, etc.).

Based upon these answers, if staff determine that the authorizing person is NOT comprehending the purpose and provisions of the form, staff should follow their agency's procedures for assuring that the form is signed by a legally authorized authorizing person who fully comprehends the purpose and provisions of the form. The signature of an authorizing person who does NOT comprehend what he or she is signing is not valid.

If the authorizing person agrees, the form should be completed. This should be done by the authorizing person, wherever possible. The authorizing person must sign the form and insert the date in the indicated place. Staff explaining the form to the authorizing person must sign the form in the indicated place. For those agencies with procedures requiring a witness (e.g., for a person who cannot write), space is provided for a witness to sign the form. The witness must observe the authorizing person signing or placing a mark on the form and then must sign as indicated. The referring agency must give a copy of the completed form to the authorizing person.

Sharing Information with Other Agencies

It is important for the referring agency to notify the other listed agencies that they are parties to this agreement to exchange information. This notification can be by telephone or through written

correspondence. This notification must be entered into the individual's record. If the referring agency wants to receive information from other agencies, it must provide a copy of the signed authorization form with its initial request for information from each listed agency.

- Name of the agency and the name of the individual receiving the information.
- Type and source of the information disclosed.
- Reason or purpose for the disclosure.
- Date the information was disclosed.

This requirement can be met by using a disclosure log (a sample can be found in the User's Manual: Virginia Uniform Assessment Instrument, Appendix B) or through the agency's own record keeping policies and procedures.

NOTE: The authorizing person has the right to review the records of disclosure of the referring and other agencies upon request during the agencies' normal business hours.

Revocation of Authorization

Authorization to exchange information will expire on the date or condition agreed to by the authorizing person. However, anytime prior to the expiration, the authorizing person may choose to revoke or cancel this authorization either with all or with selected agencies.

The authorizing person may revoke his or her authorization by informing any of the involved agencies in writing, by telephone, or in person. This notification must be noted on the back of the *Authorization to Use and Exchange Information* form and signed and dated by the agency staff person receiving the request to revoke the authorization.

If the authorizing person exercises the option of revoking his or her authorization (in entirety or with selected agencies) to share information under the agreement, the agency receiving this notice shall inform all other listed agencies that are authorized to exchange information under the agreement of the revocation of the authorization.

Individuals Who Refuse to Sign the Authorization Form

It is absolutely essential that the individual understand and appreciate what will happen as a result of signing this form. The individual also needs to understand that there is no requirement to sign this form, but that not signing the form will result in specific consequences. If the form is not signed, the individual must deal with each agency individually to obtain needed information, and/or the agency may not be able to provide services. If the form is signed, the process for applying for and receiving services may be easier for both the individual and the involved agencies.

When Not to Use This Form

The *Authorization to Use and Exchange Information* form should not be used with:

- Individuals who do not comprehend the purpose and substance of the authorization form; or

- Individuals for whom drug or alcohol abuse diagnostic or treatment information is being shared. In these cases, a separate authorization form (attached) should be used.

Can Other Interagency Authorization Forms Be Used?

Agencies should accept the *Authorization to Use and Exchange Information* form as a legally valid form. However, they may choose to use a different authorization form that addresses their individual needs IF it meets the state and federal confidentiality statutory and regulatory requirements of ALL the involved agencies.

This form should be viewed as the end product of a discussion between the worker and the individual or the individual’s authorized representative which documents the individual’s decision on when and what type of information can be released or obtained. This form should NOT BE USED with an individual who does not comprehend the purpose and substance of the Authorization Form.

WHEN PROPERLY EXECUTED, THIS IS A LEGALLY VALID DOCUMENT FOR EXCHANGING INDIVIDUAL INFORMATION. TO BE PROPERLY EXECUTED ALL STATEMENTS MUST BE COMPLETED WITH THE APPROPRIATE INFORMATION AND/OR BY CHECKING THE APPROPRIATE YES OR NO BOX.

AUTHORIZING PERSON OR PERSONS - Enter the full name of the person/persons authorizing the exchange of information.

NAME OF INDIVIDUAL - Enter the full name of the individual about whom the information will be shared.

INDIVIDUAL’S ADDRESS, BIRTHDATE, SOCIAL SECURITY NUMBER (SSN) - Enter the individual’s address, date of birth, and social security number (SSN). NOTE: Section 2.2-3808 of the *Code of Virginia* makes it unlawful to require an individual’s social security number in order to obtain benefits or services unless a specific law allows the agency to require it.

RELATIONSHIP TO INDIVIDUAL - Check the authorizing person’s relationship to the individual. Note: A legally valid authorization requires that one of the listed relationships be present.

INFORMATION TO EXCHANGE - Check the appropriate box next to the information the individual wishes to exchange among the listed agencies. If necessary, write in any other information the individual wishes to exchange. NOTE: If the individual wishes to limit some of the information to be exchanged in any category, the limitations must be recorded on the back of the form. An individual may want to exchange most, but not ALL, of the specific information checked "Yes" (e.g., a reference to past psychiatric hospitalization contained in psychiatric records). If the individual wants some specific parts of a record to remain confidential, the referring agency MUST exclude this information when that record is shared with the other agencies).

REFERRING AGENCY AND STAFF CONTACT PERSON - Enter the name and address of the agency which initiates the completion of the form. The staff contact person is the name of the staff person who discussed/explained the use of the form with the individual and, if appropriate, assisted the individual in completing the form.

SHARING AGENCIES - Check the type of agencies with which the information will be exchanged. If more space is needed, additional agencies can be listed on the back of the form. The authorizing person(s) must place his or her signature or initials beside the name(s) of each agency listed on the back. The referring agency should notify the listed agencies that they are parties to the AUTHORIZATION TO EXCHANGE INFORMATION. This notification can be by telephone or written correspondence. This notification must be recorded in the individual's record. If the referring agency wants to obtain information from the listed agencies, it must provide a copy of the signed authorization form. The copy may be mailed or faxed.

PURPOSE OF EXCHANGE - Check the appropriate box(es) or enter other purposes in the designated space.

HOW THE INFORMATION IS EXCHANGED - Check all appropriate boxes.

SHARING OF NEW INFORMATION - The individual can limit the exchange of information contained in the record as of the date of the authorization by checking the NO box. Information not in the record after the authorization is signed can be exchanged by checking the YES box.

EXPIRATION - The length of time the authorization is valid should bear a relationship to the individual's participation in a project, service plan or treatment plan, and should be the individual's choice. The

authorization form may NOT be valid “forever”, “indefinitely” or for extremely long periods of time. Unless the individual specifies a particular date or circumstances, acceptable length of time would be “until placement” or “until my case is closed”. For No Wrong Door this authorization is valid for one year from date of signature, unless the individual or his authorized representative specify an expiration date, event or condition that will occur prior to one year from the date of signature.

SIGNATURES - The authorizing person(s) must sign and date the form. A copy of the signed authorization form must be given to the authorizing person(s). If the authorizing person cannot write he or she will put his or her mark (i.e., initials, an “X”) in the signature space. The staff person explaining the form to the authorizing person(s) must sign the form and enter identifying information and a telephone number. If the agency procedures require a witness to an authorizing person’s mark, space is provided for his or her signature. The witness must observe the authorizing person sign or place a mark on the form.

The authorizing person(s) may revoke all or part of the authorization at any time prior to the expiration by notifying any of the involved agencies. This notification can be by telephone, in writing, or in person. This notification to revoke must be documented on the back of the authorization form by checking the appropriate boxes and entering the applicable information.

NOTIFICATION OF REVOCATION - The agency receiving the revocation notice must notify in writing all listed agencies of the individual’s revocation of his or her authorization, either entirely or partially. Notification must be recorded in the case record.

RENEWING OR AMENDING THE CONSENT AUTHORIZATION FORM - The referring agency can renew or amend (e.g., by adding additional agencies) the original signed copy of the *Authorization to Use and Exchange Information* form by having the authorizing person complete and sign a new form. The referring agency must give a copy of the new form to the authorizing person and forward a copy of the new form to each of the listed agencies. For No Wrong Door this authorization is valid for one year from date of signature, unless the individual or his or her authorized representative specifies an expiration date, event or condition that will occur prior to one year from the date of signature.

In order for this Contract to be valid and enforceable, it must be signed by (agency authorized representative), and the Provider.

This Contract is effective as of this ___ day of (month/year), between the (“**the Buyer**”) and (“**the Provider**”), and shall expire at the close of business on ___ day of (month/year).

This is a term agreement for requirements and does not involve a definite financial obligation on the part of the Buyer, although the Buyer shall use this contract for the limitation of procurement of services as seen fit and or specified.

This Contract may be terminated by either party with thirty (30) days written notice.

be brought only in (locality). The Provider accepts the personal jurisdiction of any court in which an action is brought pursuant to this Contract for purposes of that action and waives all defenses to the maintenance of such action.

3. **Specific Interpretations.**

- A. **Waiver.** The failure of the Buyer to enforce at any time any of the provisions of this Contract, or to exercise any option which is herein provided, or to require at any time any performance by the Provider of any of the provisions hereof, shall in no way affect the validity of this Contract or any part thereof, or the right of the Buyer to thereafter enforce each and every provision.

 - D. **Adjustment or Termination of PSO by Buyer.** The Buyer may adjust or terminate the PSO at any time as a result of changes in the child's eligibility for or progress with services or if the Buyer deems it to be in the child's best interest to terminate the PSO. In the event that the Buyer becomes unable to honor any or all approved PSOs for causes beyond the Buyer's reasonable control, including, but not limited to, failure to receive promised funds from federal, state, or local government sources or donor default in providing matching funds, the Buyer may terminate or modify any or all PSOs issued pursuant to this Contract as necessary to avoid delivery of services for which the Buyer cannot make payment.
