Ann Rose of Independence – happy about the refund on personal property and spoke in favor of emergency services.

Supervisor Fant made the motion to come out of the public hearing; duly seconded by Supervisor Ivey. Roll call vote as follows: Tracy A. Anderson – aye; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 5-0.

• Public hearing to receive public comment(s) to hear language updates to the Transportation Plan of the 2018 Grayson County Comprehensive Plan

Jada Black, Grayson County Director of Planning/Zoning addressed the Board and noted the Planning Commission has approved the Smart Scale language change for Round 5 during a public hearing on May 17, 2022 - this additional language will added to the Transportation section of the Comp Plan – language addition is required to show the locality support as a requirement of the application package along with the resolution of the locality's support - pre-application has been screened and Mt. Rogers Planning District Commission has approved – due date for application is August 1, 2022. This is for the Smart Scale plan for specifically Delhart Road – turn lane improvements – extends the turn lanes at US 58 and 622 intersection to meet the minimum VDOT standards of east bound left and east bound right lane will be extended to provide taper lanes of 200' each east bound and west bound left turn lane will have inside paved shoulder or 4' and west bound right turn lane will have 8' paved shoulder - this was a recommendation from VDOT to resubmit the application and a new traffic study has been completed. Supervisor Fant made the motion to close the public hearing; duly seconded by Supervisor Anderson. Roll call vote as follows: Tracy A. Anderson – aye; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 5-0.

Supervisor Fant noted that during the VDOT six-year plan meeting, residents of Rocky Hollow Road and Lost Lake Road spoke regarding their roads – smart scale was mentioned and inquired about any updates. Mrs. Black noted she's been in contact with VDOT and FLAP (Federal Lands Access Program) funding and because both roads join federal land and is through federal funding – funding source has been closed for this round and not sure when it will reopen next year – funding for this year had no match – funding next year will have an 18.5% county match. Supervisor Fant then inquired about Pleasant Grove Road and how to begin the process for next year's Smart Scale. Mrs. Black noted that this one could potentially get bumped and if that happens, we'd begin the process again and since it's every couple of years, it would be 2026 before we could submit again.

Ms. Candice Stephenson – Preserve Grayson addressed the Board:

 Concerned for the safety in Grayson County – tree pesticides and aerial spraying are not safe even though DEQ authorities say they are – feels testing needs to be done – community deserves to know what's being sprayed – video was shown on spraying trees - feels ban on aerial spraying is needed - workers doing the spraying are not cleaning themselves and their equipment properly – Virginia is a "right to farm" state but with the pesticide spraying, it's killing our bees and not safe for our animals – there's only 1 regulator for our area; need more regulators in the county – asking for the immediate ban on aerial spraying and testing needs to be done on specific chemicals to make sure they are not leaching into the water - chemical dumping needs to be monitored (how's equipment cleaned, etc.) several farms in the county are doing the aerial spraying – feels this is over the Board of Supervisors level but it has to start somewhere whether it's putting laws into effect to change the law to protect us in Grayson County – tax Christmas trees which are regulated as agriculture and not forestry - by today's standards they are not agriculture which was put in place over 100 years ago – showed another video – DEQ monitors but no one can explain the process – chemical companies need to be monitored closely for the waste management – document what's being sprayed and then submit a complaint - Grayson County largest producer in Virginia – it will take us all to bring awareness to this and implement changes. Supervisor Fant noted everyone needs to be a good neighbor – started a health risk assessment last week - any way to access cancer rates in Grayson County and Ms. Stephenson noted that VDH website has some of this on their sight and noted the highest rate of brain cancer is Galax; data for Grayson County is not available - a cancer cluster study needs to be done - Mt. Rogers District they've reached out to DEQ and they state it's being regulated. Supervisor Fant suggested it's worth discussing with Mt. Rogers, our attorney (we are a right to farm state) and DEQ. Supervisor Hash suggested DEQ present at a Board of Supervisors meeting. Supervisor Anderson suggested contacting our delegate and state senators. Supervisor Fant noted that in a way they are asking the authority to create a community watch program and in this case the crime is the potential for improper/illegal use of chemicals. Mr. Shepley noted that the county has no authority to do anything about it, each individual residence is responsible and that multiple citizens need to join together for the fight – suggested putting together a group and meeting these people and explaining our problems and demand answers. Ms. Stephenson noted Preserve Grayson is speaking for all who can't speak on their own. Supervisor Ivey noted that not all farmers grow the same way and citizens have the right to know what's being sprayed and needs to be a way to notify neighboring landowners. Supervisor Anderson noted that tree growers come to our county because we don't tax tree growers. Preserve Grayson will have the 3-part documentary on their Facebook page.

Mrs. Stacey Reavis, Grayson County Registrar – Election Official Update

- January 1, 2022 gained 16 and lost 16
- Tried to recruit by word of mouth; shared information with the Board of supervisors; Town offices; bulletin boards; various businesses; on TV; radio stations; write ups in both papers; Facebook; county website; all principals in the school division. Had recruitment session on June 7, 2022, at the Grant Grange Hall had no one come. Another recruitment session will be held on June 13, 2022 at the Independence Volunteer Fire Department 5pm-7pm or can come into the office any time or we can mail them the paperwork
- Previously shared reprecincting map possible changes will need to be made if polling place is not able to open, then residents can't vote – not allowed to go to another polling place to vote – no officers to work Troutdale
- To fully staff all polling place, need at least 6 people for each place need more at Independence because it's the largest (8 would be ideal) – approximately 80 workers needed – 15 total polling places – will send hard numbers to the Board – with low number of workers there's no alternates and alternates are needed.
- Incentives working on that and will meet with the Electoral Board to discuss further – currently \$150 for regular workers and \$200 for precinct chief and pay mileage – if worker goes outside their home precinct, mileage is paid, and worker can work outside of their home precinct
- Need: precinct chief, 2 people for the poll books, 1 floater and 2 for curbside voters – on primaries, normally 6 people are not needed
- November election includes congressman and town elections
- Polling location at Grant Grange was not shut down, it was moved to Grayson Highlands School – more modern facility, ADA compliant, better equipped to handle the traffic – on the main road, etc.

Mr. Larry Bolt, Commissioner of Revenue – Personal Property Tax Update

- Tasked with exploring the personal property tax refund look at 34%
- Spoke with software company (Edmunds) create a one-time adjustment to the personal property tax bills on the desired accounts; additional programing is needed and will cost of \$1,050
- Met with administration/treasurer to discuss possible options
- Once programming is complete, we can plug in a certain percentage on the desired accounts and look at the end number to see what number matches the "surplus" of unanticipated revenue for a one-time credit
- Should have numbers to the Board for the June 27 close-out meeting
- New law allowing counties to do this goes into effect July 1, 2022

- o If percentage is agreed upon/approved at the June 27 close-out meeting, then Commissioner of Revenue office/Treasurer office can apply the percentage immediately to the bills in the computer. If tax payment has not been made, it would show as a credit on their account; for those that's paid, it will show as a credit and a refund from the Treasurer's office would be issued; new tax tickets along with a letter of explanation will also be sent.
- County attorney gave options with one being to extend the deadline, which we have (from June 6, 2022, to September 2, 2022); adopt a resolution to postpone the deadline which could buy time to then adopt an ordinance that gives credit on everyone's tax bill who has not paid and a refund to those that have paid. An ordinance requires a public hearing.
- County decides what "surplus" is as it is a gray area Mr. Bolt handed out a page showing values and tax dollars.
- Will look to have different percentages for the Board to see at the June 27 closeout meeting
- \$25 auto fee doesn't fit the category of "surplus" or unanticipated revenue doing away with the license fee would need to be a separate conversation – the Board of Supervisors put the license fee on several years ago and they can decide whether to take off or leave on – the license fee brings in approximately \$400,000 in revenue

The Board took a break at 7:45 p.m. and the meeting resumed at 7:55 p.m.
