Grayson County Board of Supervisors
Regular Meeting
August 11, 2022

Members attending in person: Michael S. Hash, John S. Fant, Kenneth R. Belton, R. Brantley Ivey, and Tracy A. Anderson.

Staff attending in person: Mitchell L. Smith and Linda C. Osborne

IN RE: OPENING BUSINESS

Supervisor Fant made the motion to approve the agenda/consent agenda; duly seconded by Supervisor Ivey. Motion carried 5-0.

IN RE: PUBLIC HEARING(S)

- For the purpose of hearing public comment(s) pertaining to the adoption on an Ordinance prohibiting the owners or keepers of animals from allowing such animals to trespass on the property of others, or to allow such animals to run at large on public highways. The ordinance would not apply to dogs, cats or honeybees. The ordinance would NOT change existing fence law in Grayson County.

Supervisor Fant made the motion to open the public hearing; duly seconded by Supervisor Belton. Motion carried 5-0. Mr. Kevin Spurlin, Agriculture and Natural Resources Agent, addressed the Board and noted that Grayson County is a fence out County and explained the Ag Advisory Committee has worked hard on this ordinance. Fence out means a physical barrier that must be crossed, and the key fence code sections 55.1-2810-2812 of the Code of Virginia defines what the trespass damages are – property line really doesn't come into play – which is the current state in Grayson County. For fence in, the code basically states that the property line is the fence and as soon as animals cross over the property line (doesn't have to be a physical structure), the property owner can seek damages. The Ag Advisory Committee wanted to avoid liability between neighbors and the proposed ordinance would allow the Sheriff's Office an opportunity to enforce the ordinance as a misdemeanor and penalty for repeat offenders – in other words, fix your fence or a penalty will be imposed. This ordinance does not apply to cats, dogs and honeybees. There is a 12-month delay to give everyone plenty of time to repair any fences. Mr. Spurlin noted that the Code states "any livestock damage or any domesticated livestock enters into any grounds enclosed by lawful fence" the owner shall be liable for any damage. It will be up to the discretion of law enforcement regarding penalties and charges. No public speakers signed up to speak. Supervisor Hash then read a letter from Mrs. Tina Cunningham/Troutdale/VA proposing the ordinance – copy of letter is on file in the County Administrator's office. Supervisor Fant made the motion to close the public hearing; duly seconded by Supervisor Ivey. Motion carried 5-0.

IN RE: PRESENTATIONS OR REQUESTS

Mr. Tom Revels, Broadband Project Manager, gave the following broadband update:

- o Compiled all papers to understand the plans, contracts, funding sources, etc.
- o Grant funding is 2.1M – grants are out of compliance due to transition of manager – grants are now in compliance
- o Alison Burchett, GIS Analyst, is cataloging all citizen concern – looking at common complaints – sending to AEP and Gigabeam – advancements are slowing being made
- o Pandemic created problems and impacted the project for everyone – taking months to receive supplies; short staffed; the State didn't do any project assessments during the pandemic
- o First on-site inspection today – it's been 2 years since this started – provisions/contract has been violated – state ordinances made cancelling contract

very difficult but grant funds would be pulled so makes no sense to cancel the contract – every county in Virginia is filing applications to acquire grant money now

- Met with AEP, Gigabeam and Delegate O’Quinn who was instrumental in helping to change the state law, last week
- Met with AEP and Gigabeam yesterday – developed a comprehensive plan that will designate by zone how many houses will be connected on a weekly basis – will present the comprehensive plan in September to the Broadband Committee and a representative from AEP and Gigabeam will come before the Board of Supervisors
- Develop a better plan to get the information out to the citizens in each community
- Applauds AEP who acknowledges they’ve had difficulty with fiber, employees
- Not happy with the project but believes we’re on the right path to do it more efficiently
- Applauds the Broadband Committee and management
- Guidelines are set by the feds and the state, and everyone has to abide by them

Supervisor Fant noted a monthly update is needed going forward and confirmed the plan will be presented to the Broadband Committee in September and then be presented to the Board of Supervisors in the October meeting. AEP has completed 92% and a small rate increase will be forthcoming by AEP – all utilities companies can recoup fiber expenses. Supervisor Fant also noted that the fiber is not just for broadband, it’s also for AEP’s use as well such as reading meters. Supervisor Belton noted that Gigabeam has to rent fiber from AEP - AEP sells power and now fiber; we just have to remember that Grayson County is the first county as pilot program.

Mr. David Landis – VA Creeper Trail to the New River Trail – Mrs. Tracy Cornett, Tourism Director, spoke and noted that approximately 1 year ago, Grayson County contracted with David Landis who’s with Village-to-Village Trails, LLC to develop a bike route that would connect the Virginia Creeper Trail to the New River Trail in Fries, Virginia to keep folks inside the county to spend their money. The trail went live last Friday and we’re already receiving calls regarding the trail and where parking would be available. Mr. Landis presented the following by zoom:

- Connect the quiet roads
- Shared screen with map
- Drove route with 12 friends – all were impressed with the route
- Route information can ride with BPS – working on pamphlet which will have a map
- Whitewater – this will help both the trail and the Whitewater Grayson that will be coming soon
- Targeted group – more seasoned bikers
- Trails consists of gravel roads, public roads and lands and includes Rt. 58 so there are accommodations along the way if they want to stay overnight
- Next step – a loop has a lot of appeal (return where you start) – will look at shorter loops for Independence, and possibly Fries and Whitetop -
- Get the word out – social media, advertising, websites, internet, etc.

- Strategic partnerships with small businesses
- Travelmap.com
- Excited to partner with Grayson County

Mrs. Tracy Cornett, Tourism Director – Mt. Rogers School Project Request – presented the following:

Mt. Rogers School Demolition

Funding History

Date	Source	Amount	Description
July 2020	Virginia Department of Environment Quality (DEQ)	\$20,000	A Brownfields Study conducted by Dave McCormack of Waukeshaw identified hazardous material in the school and recommended demolition of the 1960s addition and repurposing the original rock structure for tourism/community usage
November 2020	Va DEQ	\$20,000	Conceptual Design for 1930s building and grounds repurpose by Virginia Tech's Community Design Assistance Center (CDAC) with input from stakeholders in the Whitetop community.
October 2020	Virginia Outdoors Foundation (VOF)	\$25,000	Grant to put in phase I of a walking trail on the property along with signage. Grant has been awarded but not initiated since demolition has yet to occur. This grant will proceed in Spring of 2023 if demolition takes place this Fall.
October 2021	Va DEQ	\$50,000	Virginia Brownfields Restoration and Economic Redevelopment Assistance Fund (VBAF) grant from DEQ applied for and administered by Mount Rogers Planning District Commission (MRPDC) for abatement of hazardous materials.
2021	Grayson County Economic Development Authority	\$100,000	The EDA has approved \$100,000 to cover the cost of the basic demolition work. To date \$15,000 of this money has been spent for the survey and demo plan. This leaves \$85,000 of EDA money to offset the demolition costs
January 2022 – July 2022	Grayson County Government	Approximately \$17,000	Grayson County has covered approximately \$17,000 in expenditures to Hurt & Proffitt which were over budget. This was because of the delay in abatement caused by supply chain issues and labor shortages which put the abatement process behind by about one year during the pandemic. Hurt and Proffitt had price increases during this time.

(Funding history of what has been done so far) – not included in this chart is some in-kind – volunteers removed some trees and some stone removal.

Funding Request

- **Hurt & Proffitt was contracted to oversee the engineering, survey, writing of RFP, and storm water study. During the work, more underground asbestos was discovered not previously identified by the DEQ Abatement project.**
- **The RFP was written to include a basic demolition of the building leaving the asbestos in place with a sub-bid for cost to remove the asbestos as well.**
- **On July 21 the lowest bid came in at \$144,000 for the basic demolition and \$30,000 for the removal of the remaining asbestos for a total bid of \$173,940**
- **The EDA has committed \$85,000 for demolition leaving a balance of \$88,940**
- **Mt Rogers Planning District Commission is in the process of asking DEQ for the \$30,000 to complete the abatement which if awarded leaves a balance of \$58,940.**
- **Ask: \$58,940 -- \$88,940 depending on the DEQ's response expected at the end of the month**

This ask is for the removal of the building, which is a safety risk. Would like to get this project completed before winter and if we abandon this building and go back later to seek funding opportunities for grants, etc., our application would be viewed more favorably if

demolition has already been completed. On behalf of a citizen, Supervisor Anderson inquired about certified hazmat professionals and what level and Mrs. Cornett noted that Taff and Frye were awarded the contract and they were approved by DEQ but is unable to answer at what level the company is or if a sensitive site investigation has been completed and a certification report has been received. A stormwater report was completed but can't answer if water samples from the nearby creek were taken. Mrs. Cornett noted that if Supervisor Anderson would get the questions to her, she would look into them and get the reports. Supervisor Anderson noted he would like to table this due to asbestos in the ground. Mrs. Cornett noted that they won't know if asbestos is in the ground until the demolition begins because it is underground – Taff and Frye won the bid and are very familiar with the asbestos removal and requirements. Mrs. Cornett noted that the ramifications in delaying this would be the winter weather and we could lose the bid and potentially have to send out for bids again plus being a safety hazard as it stands. Supervisor Ivey inquired about going back to the EDA for additional funding and Mr. Smith replied that he's not sure if the EDA would want to commit more of their economic development money – it would need to be brought before the EDA – next EDA meeting would be the 16th and it could be presented to them then. Supervisor Fant inquired about staff's recommendation on where the money could come from, and Mr. Smith noted we could look at the community development fund or ARPA noting the DEQ grant for \$30,000 will play into it. Staff recommendation would probably be ARPA money since it's not direct county funding. Supervisor Anderson noted he's concerned about the asbestos staying in the ground along with concerns for the water. Mrs. Cornett noted that the water has been studied and certified and per Hurt & Proffitt, it is legal to leave the asbestos in the ground and cover it up. Supervisor Fant noted the request is for \$88,940 which includes the demolition and possible removal of asbestos, possibly getting \$30,000 back if no asbestos; Mrs. Cornett noted that is correct - \$58,940 is the asbestos left in the ground and \$88,940 if it has to be removed and the DEQ grant isn't approved. Supervisor Fant made the motion to move forward to approve the demolition and possible asbestos removal at the Mt. Rogers School; duly seconded by Supervisor Belton. Roll call vote as follows: Tracy A. Anderson – nay; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 4-1.

Mrs. Gloria Price – Preserve Grayson Request

Mrs. Price addressed the Board and explained that Preserve Grayson is made up of volunteers in Grayson County who are concerned with the water/air quality in Grayson due to the amount of Christmas trees growers and the pesticides they use. Preserve Grayson is requesting \$5,000 which would help with water quality test kits; development of inactive map (would help the Health Dept. to ask CDC to study cancer rates in Grayson); website costs and they do offer t-shirts for fundraising. Supervisor Fant made the motion to approve; duly seconded by Supervisor Anderson. Roll call vote as follows: Tracy A. Anderson – aye; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 5-0

Mr. Gloria Price – Election Official Update

Mrs. Price noted that they now have enough Officers of Election for the November 2022 election. However, they still need a couple of alternates. Mrs. Price also mentioned the increase in budget request and staff was directed to resend the information to the Board.

Mr. Paul Hoyle, Grayson County Emergency Services Coordinator – Demolition Burn

Mr. Hoyle gave the following presentation and noted that complications have developed over the years due to insurance:

- Grayson county does not have a policy regarding demolition of buildings by volunteer fire departments
 - Historically at discretion of individual agencies
 - Permit required by Building Official
- Issue: Demolition of buildings is not an emergency operation but does carry inherent risk to responders and public. Because it is not an emergency operation, it is not an activity covered by workers compensation or LODA
- Demo burns may be used as training evolutions. As such, they would be covered by insurance for responders. That would not remove other liabilities
- Surrounding jurisdictions:
 - Washington County – No policy
 - Smyth County – Unknown
 - Wythe County – VFD discretion
 - Carroll County – Allowed with permit
 - Galax – Allowed with permit
- Advantages: Esthetics; Community service; Training opportunity; Improve public safety
- Disadvantages: Liability; Insurance concerns; Equitable application
- Recommendation: Create ordinance authorizing demo burns with following provisions:
 - Can be safely used as training activity
 - Training operation must be NFPA 1403 compliant
 - ESC (in coordination w/ agency) approves training plan & serves as Incident Safety Officer for burn event
 - Is permitted without restriction by Building Official
 - Is coordinated with stakeholders & public (GCSO, VDOF, etc.)
 - Affected public is notified in writing ten days before burn event
- If Board determines that authorization is not in best interest of Grayson County, recommend that the current burn ordinance be amended to specifically address demolition burns.

Mr. Hoyle noted that no agency wants to stop demolition burns but currently we're operating in a vacuum with no protection. After some discussion, the Board recommended taking before the Commission and get a consensus. Mr. Hoyle will take before the Commission at their September meeting.

The Board took a break at 7:54pm and the meeting resumed at 8:05pm.

Mrs. Jada Black, Grayson County Planning & Zoning Director – Moxley Ridge Road Abandonment – gave the following report:

- On May 9, 2022, Grayson County Planning staff received correspondence from VDOT requesting assistance with an abandonment of a section of Moxley Ridge Road, Route 784. Mr. Brett Jarrett contacted VDOT requesting permission to gate off a section of state maintained Moxley Ridge Road in an effort to stop vandalism on the subdivision property. In order to gate off the requested section of road, the remaining section of state-maintained road would have to be abandoned. Staff contacted Mr. Jarrett to discuss the process of abandonment. Mr. Jarrett is the new owner of the River Meadows Subdivision and has agreed to comply with the requirements from VDOT, deeding a section for a “T” intersection and removing the entrance columns within the VDOT right of way placed by the previous developer and do not meet fire and emergency service standards. Mr. Jarrett plans to gate the subdivision to prevent vandalism and trespassing. This subdivision also houses the Virginia Water Authority. Staff has contacted the Virginia Water Authority Board to discuss the road closure and the Town of Independence. The Town and Water Authority Board agrees and has no issues with gating the subdivision. A letter of request was sent to the Board for review and approval, in addition to an aerial (shown below) showing the section for abandonment.

Mrs. Black noted that when the columns were installed at the entrance, was erected in the VDOT right of way. Mr. Jarrett has agreed to remove the columns plus they are a hazard to emergency vehicles as the entrance is too narrow for an emergency vehicle to enter through – Mr. Jarrett has agreed to provide a “t” turn-around for VDOT along with removing the columns. Gate he is proposing to use is an “arm” that would be keyed access. Mrs. Black noted that the only section for abandonment is inside the subdivision it's self which is .1 of a mile and it's in Virginia, not North Carolina. Mr. Smith noted that removing the columns would eliminate a hazard for our emergency services vehicles.

Supervisor Fant made the motion to approve to proceed with a public hearing with intent for abandonment; duly seconded by Supervisor Ivey. Motion carried 5-0. Resolution listed below:

RESOLUTION
NOTICE OF INTENT TO ABANDON A
PORTION OF MOXLEY RIDGE ROAD FROM
THE SECONDARY ROAD SYSTEM OF STATE HIGHWAYS

WHEREAS, it appears to this Board that Secondary Highway Route 784 from the Virginia state line of Grayson County to 528 feet, for a distance of approximately 0.1 miles serves no public necessity and is no longer necessary as a part of the Secondary System of State Highways.

NOW, THEREFORE, BE IT RESOLVED, the Clerk of the Board is directed to post and publish notice of the Board’s intent to abandon the aforementioned segment, pursuant to §33.2-909 of the Code of Virginia of 1950, as amended.

Adopted this 11th day of August 2022 in the County of Grayson, Virginia.

IN RE: OLD BUSINESS

- o Greenhouse Road Abandonment

Mrs. Black noted that she has received numerous letters of opposition along with a list of 37 citizens that has signed a petition to not abandon Greenhouse Road. Per Pam Heath, VDOT, because it is a secondary road, the Board of Supervisors can proceed with abandoning it – VDOT will take into consideration any primary road abandonment request. Mrs. Black recommends to not proceed with the abandonment of Greenhouse Road due to the opposition at hand. Supervisor Ivey made a motion to not proceed with the abandonment; duly seconded by Supervisor Anderson. Supervisor Fant noted he understands the opposition to closure, but we need to hear from all sides and make sure that everyone is aware. Supervisor Ivey noted that previously we’ve been told if there is any opposition, the state will not follow through with abandonment. Mrs. Black noted that according to VDOT, the Board of Supervisors has the authority to abandon and VDOT

will do what the Board requests however, anyone opposing can appeal the request. Supervisor Fant noted he was approached by some residents in that area and asked the Board to consider closing that road. More discussion took place and Mrs. Black noted we can advertise for 2 consecutive weeks in the paper, or we can post it on Greenhouse roadway – Mrs. Black feels placing notices of intent to abandon along the roadway would be a better way to let the public know. Supervisor Ivey brought up Sweetwater Road and inquired if it is a primary road and Mrs. Black noted it is a secondary road which is why Mrs. Black confirmed with Pam Heath of VDOT, exactly what the requirements are for abandonment. After more discussion, Supervisor Fant made an amended motion to approve to proceed with scheduling a public hearing with intent to abandon Greenhouse Road; no second motion so amended motion dies. Roll call vote on the original motion as follows: Tracy A. Anderson – aye; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 5-0.

IN RE: NEW BUSINESS

- Ordinance – To Prevent Animals Running At Large

Mr. Smith noted that the County Attorney, Stephen Durbin, has stayed on by zoom, in case there are any questions regarding this ordinance. Mr. Smith read the ordinance (listed below). Supervisor Fant made the motion to approve; duly seconded by Supervisor Ivey. Mr. Durbin noted it's advertised as a class 1 – the Board could make a motion to do a lesser fine for violation but would have to be readvertised. Supervisor Anderson noted he's not comfortable relying on the discretion of a judge. Supervisor Ivey noted the Ag Advisory Committee has been working on this for approximately 2 years and it's something that needs to be done – it keeps Grayson as a fence out county and he commended the Ag Advisory Committee in getting this worked up so the Sheriff will be able to enforce it. Supervisor Anderson stated that if the Board don't pass this ordinance, the fence in, fence out still stays the same – he's not comfortable with additional laws and penalties. Mr. Durbin noted the Board does have the option to amend and adopt the ordinance as a class 3 (\$500 maximum fine) or class 4 (\$250 maximum fine). Supervisor Anderson made the motion to amend ordinance to a class 4. Supervisor Ivey asked Mr. Durbin if the ordinance is changed to a 4, how hard would it be to change it back to a 1 – Mr. Durbin noted that it would have to be readvertised. With no second, the motion died. Roll call vote for first motion as follows: Tracy A. Anderson – nay; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 4-1.

**AN ORDINANCE OF THE GRAYSON COUNTY BOARD OF SUPERVISORS
REGULATING AND PROHIBITING ANIMALS TRESPASSING OR RUNNING
AT LARGE ON PUBLIC HIGHWAYS**

WHEREAS, the public have raised concerns with regard to animals trespassing on private property and running at large upon the public highways; and,

WHEREAS, the Board of Supervisors of Grayson County, Virginia (the "Board") finds that allowing animals to trespass and run at large on public highways in Grayson County, Virginia constitutes a threat to the health, safety, and public welfare of the citizens of Grayson County, Virginia; and,

WHEREAS, pursuant to the authority provided to Grayson County, Virginia found in §§ 15.2-1218, 3.2-6543, and 3.2-6569 of the Code of Virginia, 1950, as amended, and upon consideration after public hearing duly advertised, the Board of Supervisors of Grayson County, Virginia has determined to regulate and prohibit the trespassing of animals and the running at large of animals on public highways in Grayson County, Virginia.

NOW, THEREFORE, be it ORDAINED by the Grayson County Board of Supervisors, as follows:

1. It shall be a violation of law for the owner or keeper of any animal or fowl, except for dogs, cats, or honeybees to allow or fail to prevent such animal or fowl from trespassing on the property of others. Such animal or fowl must remain on the real estate upon which such animal or fowl is kept and upon the real estate located in Grayson County, Virginia in which the owner or keeper of such animals or fowl has the right to keep such animal or fowl.
2. It shall be a violation of law for the owner or keeper of any animal or fowl to allow or fail to prevent such animal or fowl from running at large upon the public highways located in Grayson County, Virginia, whether such highways are enclosed by fence or not.
3. This section shall not be applicable to dogs, cats, or honeybees.
4. Upon notification that an owner or keeper's animal or fowl is trespassing or running at large on the public highways, the owner or keeper has the responsibility to immediately capture and secure such animal and return the animal to the owner or keeper's possession and control.
5. Any Animal Control Officer or law enforcement officer having jurisdiction within Grayson County may, should that officer find any animal trespassing or running at large upon any public highway within Grayson

County, Virginia, capture and impound such animal and/or require the owner or keeper of such animal to immediately capture and remove such animal from trespassing or from running at large on the public highway.

6. Violation of this ordinance shall be a class 1 misdemeanor and punishable as provided by law; provided, however, that before prosecution of the owner or keeper may be undertaken for violation of this chapter, such owner or keeper must have been previously notified in person or by writing that the animals or fowl were trespassing on the lands of another or running at large upon the public highways. In addition to any penalty herein provided, the owner or keeper of any animal found running at large on the public highways and impounded as provided herein shall pay for all costs of capture and impoundment prior to return of the animal or fowl.

This ordinance shall take effect twelve (12) calendar months from the date of adoption.

This Ordinance was duly adopted this 11th day of August, 2022

I HEREBY ATTEST THAT THIS IS A TRUE AND ACCURATE COPY OF THE FOREGOING ORDINANCE.

Mitchell L. Smith, Deputy Clerk
Grayson County Board of Supervisors

o Resolution – Virginia Outdoors Foundation (VOF) Grant

Mrs. Black addressed the Board requesting approval of the Resolution (listed below) for funds that are available through VOF for a grant opportunity that has funds of up to \$1.8M for FY23 with grant awards usually not exceeding \$150K but there’s no cap on projects. This resolution is the first step in proceeding for the grant funding. Proposal for remainder of park will need to be submitted – this would be the last phase of getting this particular trail down to Powerhouse Falls which will include additional walking trails, hiking trails, bouldering, and Inland Game & Fisheries has agreed to stock the creek. No match is required we only must give open space so the 9.5 acres (County owned property) would be opened up to open space meaning it can’t be subdivided – just like an easement. Supervisor Fant made the motion to approve the Resolution; duly seconded by Supervisor Belton. Roll call as follows: Tracy A. Anderson – aye; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 5-0.

RESOLUTION
IN SUPPORT OF TRAIL DEVELOPMENT
AND GRANT APPLICATION
TO THE VIRGINIA OUTDOORS FOUNDATION (VOF)
FOR THE POWERHOUSE FALLS & LUNDY PROPERTY,
GRAYSON COUNTY, VIRGINIA

WHEREAS, Grayson County, established in 1793, is rich in wildlife and has great potential for wildlife and historic conservation, as well as outdoor recreational opportunities; and

WHEREAS, the 89.4 acre Grayson County Recreational Park is conveniently located just outside of the town limits of the Town of Independence, Virginia, the County seat; and;

WHEREAS, the Grayson County Recreational Park was established in 1978, and is a member of the Virginia Recreation and Park Society and the National Recreation and Parks Association; and

WHEREAS, the County of Grayson acquired in 2004 a parcel of approximately 6.375 acres, known as the historical Peach Bottom Falls to expand the park; and

WHEREAS, to further expand the Grayson County Recreational Park, the County of Grayson subsequently purchased a parcel containing approximately 9.55 acres adjacent to the Peach Bottom Falls and an additional parcel of 1.626 acres; and

WHEREAS, the County has a vested interest in preserving and further developing the Grayson County Recreation Park for the use of the citizens and the general public; and

WHEREAS, the Virginia General Assembly, has established through §§ 10.1-1800 through 10.1-1804 of the Code of Virginia that the public policy of the Commonwealth of Virginia is to encourage the preservation of open-space land; and

WHEREAS, in conformity with the Open Space Land Act, Sections 10.1-1700 and 10.1-1703 of the Code of Virginia, the purposes of the Grayson County Recreation Park include retaining and protecting open space and natural resource values of the Property, and the limitation of division, residential construction, and commercial and industrial uses ensure that the Property will remain perpetually available for public park and open space use, all as more particularly set forth below; and

WHEREAS, a widely-shared interest by the community at large, including County and Town citizens is for the establishment of additional recreational opportunities, including walking trails, hiking trails, bouldering, mountain biking, and fishing; and

WHEREAS, the 2018 Grayson County Comprehensive Plan promotes the preservation of historic resources, establishment and preservation of natural resources for the enjoyment of all the creation of new recreational opportunities, including the development of walking trails.

NOW, THEREFORE, BE IT RESOLVED, that the Grayson County Board of Supervisors hereby endorses efforts to secure funding from the Virginia Outdoors Foundation (VOF) for the further development of the Grayson County Recreation Park for outdoor recreational purposes, the preservation of limited wilderness areas and wildlife habitats, the protection of the historic resources.

Mitchell L. Smith
Interim County

o Opioid Settlement Account Request

Mr. Smith explained to the Board that Grayson County has received the first check through the Opioid Settlement for approximately \$9,000. The Finance Department is requesting the board approve the designation of a specific fund for this money which would allow the tracking of receipts and expenses associated with the settlement. After discussion regarding usage of the funds, frequency of receiving payments, etc., Supervisor Fant made the motion to approve the request; duly seconded by Supervisor Anderson. Roll call as follows: Tracy A. Anderson – aye; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 5-0.

IN RE: BOARD APPOINTMENTS

- GC Senior Advocacy Committee – 2yr term

John S. Fant – term expired 8/10/22 – Supervisor Ivey made the motion to approve; duly seconded by Supervisor Anderson. Roll call as follows: Tracy A. Anderson – aye; John S. Fant – aye; R. Brantley Ivey – aye; Kenneth R. Belton – aye; Michael S. Hash – aye. Motion carried 5-0.

IN RE: COUNTY ADMINISTRATOR'S REPORT

Mitchell L. Smith gave the following report:

- Grayson County Ag-Fair will begin Friday
- River Clean-Up – will be held each Saturday in August – trash bags have been placed at 2 DWR sites and are working well
- Grayson County Tourism received an award for best video and visitor guide
- VACo Summit Conference will be held on 8/18/22 and Mr. Smith will attend
- AEP will be having open house at the Grayson County High School Cafeteria on 8/18/22 from 5-7pm regarding the line from Fries to Independence-one way in & one way out – if one line goes out, the other line will pickup which also goes to Baywood and then to Independence – there will be a new station in Fries and Baywood
- EMS has approved for an EMS part time liaison, and they will be housed in Grayson County – will serve Carroll, Galax, Grayson, Wythe and Bland
- Pheasant Run Road update: staff spoke with the trucking company and they will work on their routes so truckers GPS won't show this route; also VDOT is working to get signs posted on Rt. 58
- Mr. Smith thanked the Board for appointing him as interim

IN RE: INFORMATION ITEMS

As presented

IN RE: REGISTERED SPEAKERS AND PUBLIC COMMENT

- Jennifer Snow – left meeting
- Joan Marlow – left meeting
- Tracy Cummings of Powder Mill Rd, Elk Creek – spoke regarding when GigaBeam will be available in her area and what to do until they can get it – CenturyLink has terrible service and very unreliable.
- Supervisor Fant asked staff to follow up on what happened in the meeting with Century
- Brad Cummings of Powder Mill Rd, Elk Creek – spoke regarding no cell service at home, works in health care and remote work is not possible at his home – asking for accountability from CenturyLink

- Mike Phipps of Powder Mill Rd, Elk Creek – terrible cell coverage – concerned for elderly residents and their safety – asking for help to get better coverage from Century Link
- Curtis Harrington of Cassell Brook Ln, Independence – handed out pictures of dumpsters at Public Works - Michael Bragg, an attorney in Abingdon also attended with Mr. Harrington – spoke regarding the public being able to access the dumpsters 2 days per week which costs the county each year; paid by every resident of county and all citizens can access the dumpsters; Mr. Harrington noted an illegal meeting was held on January 11, 2022; then on January 12, 2022 the site was opened back up for residents to access the dumpsters on Wednesdays and Saturdays – personally seen coyotes in dumpsters – has spoke with Mr. Luper and he noted they are working towards a solution
- Jason Beduhn of Mountain View Ave, Galax – spoke about GigaBeam signing more folks in other counties – SCC is not enforcing issues with CenturyLink
- Harold Story of Powder Mill Rd, Elk Creek – spoke regarding CenturyLink and not working – phone has been out 4 days, was on hold for 6 hours – CenturyLink don't care
- Supervisor Hash read a letter from Jane Sexton of Comers Rock Rd, Elk Creek – regarding internet and GigaBeam and requesting clarification as to why she's still without an internet connection 3 years later.

IN RE: BOARD OF SUPERVISORS' TIME

None

IN RE: CLOSED SESSION

None

IN RE: ADJOURN MEETING

Supervisor Fant made the motion to adjourn; duly seconded by Supervisor Anderson. Motion carried 5-0.
